

In Isolation with COVID-19?

Here is when you can expect to re-test to return to your daily activities.

Positive Test or onset of symptoms (Day 0)

1st Completed Day of Isolation

5th Completed Day:

Last day of isolation, if fever free for 24 hours and symptoms improving. Continue to mask in public through Day 10.

Recommended Re-test on the 6th Day

- Use an at-home or antigen test.
- If you are positive, you may re-test daily.

SUN	MON	TUE	WED	THU	FRI	SAT
		1	2	3	4	5
6	7	8	9	10	11	12
13	14	15	16	17	18	19
20	21	22	23	24	25	26
27	28	29	30	31		

After 10 Completed Days:

All students can resume daily activities.
