To the Campus Health Service Team,

Congratulations on an outstanding 100 years of service to the University of Arizona community!

Our students are happier, healthier, better educated, and safe because of the hard work, research, and commitment your team has made to our Wildcats. We know the services you offer are unique – especially at institutions like ours.

We confidently share with prospective students and their families the quality, compassionate and innovative health care available at UA – and it is a shining star in our bouquet of student support services. Thank you.

We look forward to another 100+ years of partnership with your team and applaud your continued success as innovators in health service!

Bear Down!
